Subject: Record of events and decisions

Following the incredible success of the Spring 2022 Storytime for Toddlers, a request was made for the HCCA to sponsor at the cost of \$170.16 a Fall session, and to allow project organizers to begin advertising. At the time of the request, enough participants were confirmed for one full class, and the expectation is that through advertisement, enough demand would come forward to allow for a second class.

Motion

Whereas the Storytime for Toddlers program has a proven success rate of participation; and whereas it is being offered for free to our community residents by two volunteers who are HCCA members in good standing; and whereas there is already an established list of interested participants for the fall 2022 session; the HCCA will approve the \$170.16 cost to cover the room rentals of two Storytime for Toddlers sessions this fall.

The motion was moved by Audrey Bélanger Baur through an e-vote and seconded by John Sankey. The motion was successfully carried unanimously.
