

15 September 2022

Subject: HCCA Recruitment poster

Audrey, Secretary-Treasurer of the HCCA, contacted the Board of Director with a recruitment poster she designed with Patrick (Director). Motions were presented requesting that 1) the poster be approved for the HCCA membership recruitment table at the Fall Festival, and 2) that it be approved for distribution/posting across the neighbourhood.

#### Motion 1

*That it be moved for the recruitment poster presented (attached) to be adopted as an official recruitment poster of the HCCA in the fall of 2022.*

Moved by Audrey Bélanger Baur, seconded by Patrick Morton, motion denied as only four directors voted in favour of the motion.

Some directors voted against motion 1 because they would like more time to review the wording before adopting the poster long-term.

#### Motion 2

*That it be moved for a few copies of the recruitment poster (attached) to be made available at the HCCA recruitment table during the Fall Festival for consultation by residents.*

Moved by Audrey Bélanger Baur, seconded by Patrick Morton, carried unanimously by all seven directors who voted.

John Sankey offered to print 10 copies of the poster for the HCCA table at the Fall Festival.

The Hunt Club Community Association (HCCA) is your neighbourhood voice!

The HCCA protects our greenspace and parks, advocates to politicians, and hosts community events.

Feel estranged from politicians? That they don't take you into account when making decisions? Join the HCCA and catch their ear so new policies and local investments improve your quality of life. 😊

Together, we can advocate for services we need to live happier and healthier lives, including:

- A local and accessible **library branch** for everyone;
- A **dog park** for our furry friends to play safely off the leash;
- More **frequent buses** to get to work faster and reduce traffic;
- **Safer streets** and **bike and walking paths** to get around more easily and safely;
- **Affordable housing** options for residents and our children;
- Receive news directly from your **City Councilor** and give feedback;

Thanks to our volunteers, we can build and continue programs for our neighbours and families:

- **Regular social meet ups** for teenagers and adults;
- **Events for children**, such as Storytime for toddlers;
- Planting new **pollinator flowers** and replanting lost **trees**;
- An annual community-wide **garage sale**;
- Support for your personal garden **-get growing!**- or join the **community garden**;
- **Volunteer opportunities** for high school students;
- **Community events**, such as our annual Fall Festival;
- And **so much more!**

Have a question? Have ideas not listed you want to see in the neighbourhood? Have a business to advertise? Want to get involved as a director or volunteer?
