

Sponsor a Seedling

The GetGrowing Hunt Club program is possible because of sponsorships and generous discounts from suppliers! To sustain and expand our food sustainability efforts next year, we are asking for your help.

Please consider supporting the continuation and expansion of this program. "Sponsor a Seedling" on the HCCA GetGrowing webpage. Each \$10 donation will provide an additional seedling kit to a neighbour in our community.

The HCCA is fuelled by volunteer actions and funded by memberships. Memberships are only \$10/year, available on our website. Consider joining our team!

For questions relating to this or other programs offered by HCCA, please e-mail info@hunt-club.ca

Providing Our Community with Veggie Garden Kits*

*FREE: (1) vegetable seedling, (1) package of seeds.

What is GetGrowing Hunt Club?

GetGrowing is a community-based program that shares resources and knowledge to help local residents grow nutritious food in their own backyards, with the aim to improve food security in our community.

Hunt Club area residents can register on our website before the event, to reserve a free GetGrowing vegetable seedling and seeds kit.

What has GetGrowing achieved so far?

Since 2020, GetGrowing has distributed over 800 vegetable seedlings and 800 packs of vegetable seeds to our neighbours. The program has also distributed seeds and seedlings that, if fully grown, have the potential to yield fresh produce valued at over \$70,000 at retail prices.

Last year, the program's total cost was \$625. However, the retail value of the seeds, seedlings, and small patio pots filled with lettuces was \$1,540, **representing a savings of over 59%**. Furthermore, these items had the potential to produce \$16,700 in fresh vegetables.

GetGrowing has hosted two webinars to help educate gardeners. To watch them, visit getgrowinghuntclub.ca/#webinars

How is GetGrowing organized and funded?

GetGrowing Hunt Club is sustained by annual funding from the Hunt Club Community Association (HCCA) and City Councillor Riley Brockington, as well as generous donations and discounts from suppliers and sponsors.

A core team of 6 volunteers organizes and delivers GetGrowing, most of whom have been volunteering since the first year (2020).

In 2023 we started requesting donations with "Sponsor a Seedling", and \$250 donated toward GetGrowing by individuals last year.

Visit our website to donate online or email getgrowing@hunt-club.ca to become an event sponsor.
